FASHION

At *Bags of Luxury* we have become renowned for our extensive collection of rare and beautiful Hermès bags and accessories.

Our exceptional track record and a wealth of incredibly satisfied customers has earned us a reputation as one of the most trusted and reliable international re-sellers of new Hermès bags and accessories. Having previously worked in the high net-worth concierge business, our team has an unrivalled network of direct contacts within the luxury bag arena. We provide a second to none personal service, and track down difficult to find bags, which can be purchased online or in our Regents Park Showroom in London.

Hermès' own refusal to compromise on quality, means that its leather and exotic skin products have become the gold standard and represent the height of luxury. Made by hand in Paris by some of the world's most skilled craftsmen, Hermès continues to stay true to its legacy for unrivalled quality and beauty. Started by Thierry Hermès 1837, Hermès was originally a saddle and harness workshop on the Grands Boulevards quarter of Paris dedicated to serving European noblemen. Today they are one of celebrated fashion houses for luxury goods, which also have a rich cultural history with their Birkin and Kelly bags.

Hermès bags appreciate in value as soon as they leave the store. A rare Hermès bag in immaculate condition can fetch tens of thousands of pounds, so we can also advise you on a purchase to fit your aesthetic needs and as well as its investment potential.

So whether you're looking to buy a Hermès Birkin, Kelly or Constance bag direct from our extensive inventory for use, or would like us to source a specific Hermès bag or item for you as an investment – please do not hesitate to contact us.
